

Programme

15th EURL – *Campylobacter* workshop

29-30TH September

VIDEOCONFERENCE

TUESDAY 29 SEPTEMBER

09:00-09:30	Registration day 1	
09.30	Opening and introduction to the workshop	Hanna Skarin EURL- <i>Campylobacter</i>
	Session 1: <i>Campylobacter</i> control strategies	
	EFSA scientific opinion 'Update and review of control options for <i>Campylobacter</i> in broilers at primary production'	Michaela Hempen, EFSA
10:30-10:45	Coffee break	
	Process hygiene criterion (PHC) for <i>Campylobacter</i> in broiler carcasses: reporting by member states	Frank Boelaert, EFSA
	An NRL's experience with verification testing for the PHC	Olwen Golden, NRL-IR
	Survey "Transportation of samples"	Hanna Skarin EURL- <i>Campylobacter</i>
	An outbreak of campylobacteriosis associated with a hatchery in Sweden	Elina Lahti, EURL- <i>Campylobacter</i>
12.00-13.30	Lunch	
	Session 2: EURL/NRL activities	
	Results and analysis of performance PT26 and 27	EURL- <i>Campylobacter</i>
	Results and analysis of performance PT28	Asgeir Astvaldsson, EURL- <i>Campylobacter</i>
	General discussion about PT's	EURL- <i>Campylobacter</i>
	Study 'Detection of <i>Campylobacter</i> in raw milk'	Hanna Skarin EURL- <i>Campylobacter</i>
14.45-15.00	Coffee break	
	Harmonised protocol for isolation of <i>Campylobacter</i> for AMR monitoring	Elina Lahti, EURL- <i>Campylobacter</i>
	Interlaboratory study – PCR for confirmation and/or identification of <i>Campylobacter</i>	Hanna Skarin, EURL- <i>Campylobacter</i>
15:45	One health EJP	
	AIR-SAMPLE	Gro Johannessen, NRL-NO

16:30	Closing of day 1
-------	------------------

WEDNESDAY 30 SEPTEMBER

09:00-09.30	Registration day 2
09:30	<p>Session 3: WGS for surveillance and outbreak detection</p> <p>Introduction to Session 3 Hanna Skarin, EURL-<i>Campylobacter</i></p> <p>WGS of isolates from UK retail chicken and phylogeny in relation to time and processor Frieda Jorgensen, NRL-UK</p> <p>European Commission mandate on 'One Health' system for the collection and analysis of whole-genome sequencing (WGS) data from food/animal isolates Mirko Rossi, EFSA</p>
